

Current Needs List at Trials for Hope

June 2021

Immediate Needs

- A. We recently received a generous grant from the Community West Foundation, and our goal is to give away 200 each of laundry soap, household cleaners and dish soap monthly at our free farmers' markets.

So . . . we need:

- to find a consistent great deal on purchasing these items in bulk
- a way to get these bulk amounts back to our headquarters
- donations to fund this goal

- B. Right now, we could also really use these items:

- men's t-shirts, small-3X
- men's underwear, small-3X
- men's socks, white
- men's jeans, sizes 30-40
- adult hoodies, small-2X
- canned meats like tuna, chicken and Spam
- handheld can openers

Let's Be Specific

personal care items include:

- toothbrushes and toothpaste
- feminine products
- diapers for children & adults
- bath soap

non-perishable items include:

- canned meats (especially tuna, chicken & Spam)
- soups
- pasta
- cereal
- rice
- healthy snacks
